FORT ST. GEORGE, *18th January* 1814.

G. O. BY GOVERNMENT.

Captain J. Moor of the 14th Regiment of Native Infantry, is permitted to proceed to Europe, on sick certificate.

The leave of absence to proceed to Bengal, granted in General Orders of the 26th of June 1813, to Cornet and Quarter Master R. H. Russell of the 6th Regiment of Native Cavalry, has been extended for a further period, terminating on the 30th of June 1814.

The Honorable the Governor in Council is pleased to publish in General Orders the following Report on the examination of Lieutenant Gordon in the Persian language, and of Lieutenants Alves and Mackintosh in the Hindoostanee language.

To

To His Excellency Lieutenant General
THE HONORABLE JOHN ABERCROMBY,
Governor in Council.

HONORABLE SIR,

We have the honor to acknowledge the receipt of the Letters from the Secretary to Government in the Military Department, dated the 10th and the 17th ultimo; and in conformity with the instructions therein contained, to report the result of our examination of the proficiency made by Lieutenant Gordon of the Madras European Regiment, in the Persian language; and by Lieutenant Alves of the 1st Battalion of Pioneers, and Lieutenant Mackintosh of the 2d Battalion of the 14th Regiment, in the Hindoostanee language.

The proficiency made by Lieutenant Gordon in the Persian language is highly satisfactory. His translations were executed with considerable accuracy; his pronunciation is correct, and he converses with sufficient fluency and ease.

We have therefore, much satisfaction in recommending, that your Excellency in Council may be pleased to confer upon Lieutenant Gordon the usual honorary reward.

The exercises performed by Lieutenant Alves are distinguished by peculiar correctness. His translation into Hindoostanee is particularly satisfactory, as it displays a more than ordinary acquaintance with the idiom of the language as spoken in the Peninsula; and the ease and fluency with which he converses, shew that his attention has been very successfully directed to this point.

Lieutenant Alves having therefore established, in so creditable a manner, his claim to the honorary reward, we are persuaded that your Excellency in Council will feel considerable satisfaction, in conferring this distinction upon him.

The translations executed by Lieut. Mackintosh are, with a few trifling exceptions, correct. His pronunciation however, is not very good; and he converses with considerable hesitation; but as we observe, that his conversation in English is not altogether free from embarrassment, we are led to believe that the hesitation above noticed is not to be attributed to a deficiency in the knowledge of the language.

With these remarks we beg leave to recommend, that your Excellency in Council may be pleased to bestow on Lieutenant Mackintosh the honorary reward.

FORT ST. GEORGE, *14th January* 1814.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,
(Signed) J. LEITH,
" R. B. OTTO,
" W. OLIVER.

In

In conferring on Lieutenant A. Gordon of the Madras European Regiment, the additional distinction proclaimed in General Orders dated the 17th November 1812, for the acquirement of the Persian Language, the Governor in Council adverts, with great satisfaction, to the claim recently established by that Officer to a similar honorary reward for high proficiency in the Hindoostanee language.

The Governor in Council is pleased to direct, that the usual donation for the attainment of the Hindoostanee language be presented to Lieutenant N. Alves of the Corps of Pioneers, and to Lieutenant A. Mackintosh of the 14th Regiment of Native Infantry.

By order of the Honorable the Governor in Council.

HONORABLE SIR,

In obedience to the orders contained in the Letter from the Secretary to Government in the Military Department, dated the 7th Instant, we have examined Lieutenant Spears of the 14th Regiment of Native Infantry, in the Hindoostanee language; and we have now the honor to report the result for the information of your Excellency in Council.

Lieutenant Spears performed the exercises, which we required of him with sufficient correctness. His translation from English into Hindoostanee was very happily executed; and we have the satisfaction to observe that the only error, which it exhibits, is of a very trifling nature.

Lieutenant Spears reads and converses with sufficient fluency and ease; but we could have wished that his pronunciation were somewhat more correct.

With these remarks we beg leave to recommend that your Excellency in Council may be pleased to bestow upon Lieutenant Spears the usual honorary reward.

We have the honor to be, &c., &c. &c.

CHOULTRY PLAIN, *7th February* 1814.

GENERAL ORDERS.

In publishing to His Majesty's Forces on the Madras Establishment, the following General Orders, His Excellency Lieutenant General The Honorable John Abercromby desires that in obedience thereto, Commanding Officers will proceed to appoint *Colour Serjeants* in the proportion of one to each Company in the Battalions under their orders, and that, in carrying into effect the gracious intentions of His Royal Highness the Prince Regent, the greatest care may be taken to select none but deserving Non-Commissioned Officers for this honorable distinction: should the number who may be considered worthy of this mark of approbation in each Corps fall short of the authorized number of Colour Serjeants, vacancies will be reserved to be filled up at the discretion of Commanding Officers, as claims may be established.

The increased rates of Pay to the Serjeant Major of each Battalion as well as to the Colour Serjeants, will commence on the 25th Instant, and Commanding Officers will report for the information of His Excellency the Lieutenant General, the number of Colour Serjeants who may be appointed at that period.

HORSE GUARDS,
6th JULY 1813.

GENERAL ORDERS.

The Commander in Chief commands it to be declared in General Orders, that His Royal Highness the Prince Regent, *in consideration of the meritorious services of the Non-Commissioned Officers of the Army*, and with a view of extending encouragement and advantages to those of the Infantry, corresponding to the benefit which the appointments of Troop Serjeant Majors offer in the Cavalry, has been most graciously pleased in the name, and in behalf of His Majesty, to direct, that *in all Regiments of Infantry*, whose services are not subject to limitation, the Pay of the *Serjeant Major* shall henceforth be raised to *Three Shillings per day*, and that the Pay of *One Serjeant in each Company* of Battalions of the above description, viz. of those serving without limitation, shall be raised to *Two Shillings and Four Pence per day*, and that the said Serjeants shall be distinguished by an honorable badge, of which, however, and of the advantages attending it, they will, in case of misconduct, be liable to be deprived at the discretion of the Colonel, or Commanding Officer, of the Regiment, or by the Sentence of a Court Martial.

In

In consequence of the above most gracious intimation of His Royal Highness the Prince Regent's pleasure, the Commander in Chief directs, that the Serjeants selected for this distinction, shall be called the "*Colour Serjeants*," and that they shall bear above their chevron the honorable badge of a Regimental Colour supported by two Cross Swords.

It is His Royal Highness's pleasure, that the duty of attending the Colours in the Field, shall, at all times be performed by these Serjeants, but that these distinctions shall in no wise interfere with the regular performance of their Regimental and Company's duties.

The Commander in Chief recommends to the Colonels of Regiments the utmost circumspection in the selection of the Colour Serjeants, and he hopes that this honorable appellation will invariably be bestowed on Men of approved valour, distinguished by their attention to the duties of their station, and to the discipline of their respective Companies.

The Commander in Chief avails himself of this opportunity of addressing himself to those who are the immediate objects of this Order.

His Royal Highness entertains a just sense of the meritorious services of the Non-Commissioned Officers of the Army, and he is persuaded, that, under the direction of their Officers, they have individually and collectively contributed largely to uphold the character of the British Army in its present pre-eminence, and His Royal Highness rejoices most cordially that these services have been thus graciously noticed.

It may reasonably be expected that the reward which is thus held out to merit, will prove an incitement to all; for it is within the reach of all, who have hands and hearts to serve their King and Country; it is offered equally to the young as to the old Soldier; it is the recompense of honesty, sobriety, fidelity and personal bravery; and His Royal Highness trusts it will prove the most powerful incentive to the Non-Commissioned Officers of the British Army to persevere in that line of conduct, which has obtained for them this munificent and distinguished favor from their Country and Sovereign.

By Command of His Royal Highness The Commander in Chief.

HARRY CALVERT,
Adjutant General.

By order of Lieutenant General The Hon. John Abercromby.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief is pleased to direct that the following Regulations shall in future be observed, with respect to His Majesty's Troops on this Establishment.

All applications for leave of absence, whether confined within, or extending beyond, the limits of this Presidency, will be referred, in the first instance, by Commanding Officers of Regiments, through the usual channel, to the Officer Commanding the Division: the consent of that authority being obtained, the Regimental Commandant will then submit the application to Head Quarters, through the medium of the Deputy Adjutant General His Majesty's Forces, forwarding at the same time a duplicate thereof to the Commanding Officer of the Division, to be by him transmitted to the Adjutant General of the Army.

The acquiescence of the Officer Commanding the Division will be noticed in the Letters intended for the consideration of the Commander in Chief.

All details of discipline which may have reference to the interior regulation of the Regiment, will be transmitted by the Commanding Officer to His Majesty's Deputy Adjutant General, for submission to the Commander in Chief. Under this head will be included all references respecting Regimental Courts Martial, and Courts of Enquiry, which relate exclusively to circumstances of a Regimental nature.

In like manner, when a Commanding Officer may find it necessary to place an Officer of his Regiment under arrest, on account of alleged Regimental delinquency, he will in the first instance submit a report and statement of the circumstances through His Majesty's Deputy Adjutant General, in order that the Commander in Chief may decide on the propriety of bringing the offender before a General Court Martial; in which event, the Commanding Officer will be directed to forward the charges through the prescribed local authorities, to the Adjutant General of the Army. It will be understood, however, that a report of the arrest on Regimental grounds will be immediately made to the Commanding Officer of the Division.

All General Orders received from Head Quarters in Bengal, which must necessarily have exclusive reference to the King's Service, will be circulated by the Deputy Adjutant General His Majesty's Forces, to His Majesty's Regiments, without the necessity of their republication to the Army at large.

His Majesty's Deputy Adjutant General will, however, forward Copies of all such Orders to the Adjutant General of the

the Army, as it is essential that he should be informed of all changes, either by promotion, or otherwise, which take place in His Majesty's Regiments on this Establishment.

The following Extracts of the Proceedings of a Native General Court Martial assembled at Trichinopoly on the 2d day of February 1814, by order of Lieutenant Colonel Dighton Commanding the Southern Division of the Army, under authority of His Excellency the Commander in Chief, and of which Syrang Tappermaul 2d Battalion of Artillery, is President, are published to the Army.

G. O. By Government.

The Honorable the Governor in Council is pleased to publish the following Extracts of Letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 3d September 1813.

Para. 4. Major D. Newall of your Establishment, having stated to us that he was obliged to leave the Isle of France in a very bad state of health without waiting for regular leave from your Government, and praying under these circumstances he may be permitted to remain in this Country until his health is restored; we have attended to the correspondence and certificates accompanying the application which we have received from Major Newall, and have thought proper to allow him to remain on furlough under the usual Regulations.

6. Colonel Alexander Wynch, a retired Officer on the Off-reckoning Fund, died on the 18th February 1813.

7. Lieutenant Colonel Samuel Irton of your Establishment, who was in England on furlough, also died 13th March last.

8. In consequence of an application which we have received from Lieutenant John Willows of your Establishment, representing that the furlough which you granted him for one year is not sufficient for him to arrange the urgent affairs which required his presence in England, and therefore requesting permission to remain till the Fleet of the ensuing season; we have thought proper to comply with Lieutenant Willows' request.

10. Mr. John Underwood, a Surgeon on your Establishment, has our permission to remain in England till the departure of the first Ships of next season.

11. We have appointed the undermentioned persons Assistant Surgeons for your Presidency, viz.

Robert Anderson,
James Hazelwood

12. Major James Campbell of your Establishment, retired from the Company's Service (with our permission) from the 8th of April 1812,

13. His

13. His Royal Highness the Prince Regent, acting in the name and on the behalf of His Majesty, having been graciously pleased in the Gazette of the 10th of August 1813 (a Copy of which accompanied this despatch) to promote several Major Generals in our Service to the rank of Lieutenant Generals; the distinction thus conferred and which has so long justly been an object to which our Officers have attached its due importance, we trust will be received by them with a proper sense of gratitude and satisfaction; we think it proper at the same time to inform you, that the promotion of those Officers who are actually on the Staff of your Army as Major Generals to the rank of Lieutenant Generals, is not to vacate their appointments nor to make any alteration whatever in their respective situations or allowances.

17. We have permitted the undermentioned Officers on your Establishment, to remain in England, viz.

Lieutenant Colonel James George Graham,

Captain James Simpson,

Ensign John Stiggall, till first Ships of the ensuing season,

Lieutenant Samuel Gregory Marshall, till last Ships of the ensuing season.

18. Major General P. A. Agnew of your Establishment, died in this Country on the 8th January 1813.

Letter dated 8th September 1813.

5. We have therefore reconsidered the subject and have come to the following resolution, which we desire may be carried into execution immediately on your receipt of this Letter

6. Every European Soldier enlisted for unlimited service shall, if he have conducted himself to the satisfaction of his Commanding Officers, be entitled at the expiration of twelve years from the date of his enlistment to a bounty equal in amount to that usually given to Soldiers in our Service who re-enlist for 5 years, and at the expiration of seventeen years shall be entitled to be discharged or re-enlisted for a further period on the usual terms.

7. We have fixed twelve years as the period at which the first bounty is to be given, because it is the period for which Recruits are enlisted for general service under the Act of His present Majesty, Cap. 87th.

8. You will observe however, that under the Provisions of this Act, Sect. 4, the service of Recruits, enlisted under eighteen years of age, can be reckoned only from their attaining that age,

9, We

3. We trust that the indulgence now shewn to the European Soldiers in our Service will remove every ground of dissatisfaction and complaint, and will stimulate them to a correct and zealous discharge of their duties during their respective period of service.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to direct that the following Regulations for the guidance of the European Medical Department under this Presidency, shall in future be observed.

1. Previously to the march of a European Regiment from its Station, a Committee consisting of the Regimental Commanding Officer, the Superintending Surgeon of the Division, or in his absence, the Senior Medical Officer on the spot, and the

the Regimental Surgeon, shall minutely examine the state of the Men in Hospital and determine upon such as may be capable of accompanying the Corps on its march, without the aid of Carriage; for it is to be clearly understood that no Man shall be permitted to proceed in a Dooly from any Station, at which there may be a Garrison Hospital to receive him, those conveyances being attached to Regiments for the sole purpose of providing for contingencies during the march.

The charge of the Men who may be judged incapable of moving with the Corps will devolve on the Garrison Medical Officer, whose duty it will be to make a weekly report of their individual state to the Superintending Surgeon of the Division, and that Officer will from those statements frame a monthly report for the information of the Medical Board, in order that the necessary steps may be taken for the rejunction of the recovered Men with the Head Quarters of the Regiment.

As the situation of a Medical Officer on his first arrival in India with his Regiment must be embarrassing, from his unavoidable ignorance of local arrangements, the Governor in Council is pleased to direct that in such cases the Sick Men of the Regiment or Detachment shall in the first instance be sent into the Presidency General Hospital, until the Surgeon may have provided himself with the requisite Hospital Cloathing and Establishment, when the efficiency of his appointments in these particulars will be reported by the Officer Superintending the Medical duties of the Presidency to the Medical Board.

The most pointed attention will be given by the Surgeons of European Regiments to the Regulations framed for their guidance and published in General Orders by Government of date the 15th August 1806.

The Governor in Council having approved of new patterns submitted by the Medical Board, of Hospital Cotts, Bedding and Cloathing, is pleased to direct their general adoption, and expects that on or before the 1st of August next, the Military fixed, and Regimental Hospitals, will be completely equipped with the new furniture, of which models will be immediately forwarded to the Surgeons in charge, authenticated by the Seal of the Medical Board.

The strictest conformity within the period prescribed above is required to the Patterns of Cloathing models of Cotts which will thus be received from the Medical Board—and these articles will be deposited in a convenient place of custody at each Hospital, for the inspection of the Officer Commanding the Division, or of the visiting Medical Authorities, whose especial duty it will be to remark that the above Regulations are

adhered

adhered to, and if not, to report the neglect of them for the information of the Government.

The Honorable the Governor in Council has been pleased to establish the following rules for the construction, and repair or alteration of Civil Buildings at the subordinate Stations.

The expediency of constructing Buildings for Civil purposes at the subordinate Stations will be submitted to the consideration of Government by the local Civil Officers through the Heads of Departments at the Presidency. And the Government having decided on the expediency of the work, plans and estimates will be prepared by Superintending Engineers under such instructions, as they may receive from the Military Board, to whom the applications of the Civil Authorities will be communicated for that purpose.

Materials for the construction of the works are to be supplied, and advances of money for the payment of workmen will be made, under the system laid down in the new Code of Regulations for the conduct of the department of Buildings and Repairs. But when the provision of materials by the Commissariat may be found to interfere with the Public Service in the Military department, the supplies will be furnished under such other arrangements, as may be determined on

by

by the Government :—and in such cases the necessary orders will be issued to the local Officers, and the workmen will also be provided and paid by the Civil department.

Repairs or alterations to Civil Buildings at the subordinate Stations, for which the sanction of Government has been obtained through the prescribed channel of reference, will continue to be made under the superintendence of the Civil Officers, unless from their nature and extent it may be considered advisable to direct an Engineer to superintend the work, which will then be executed under the instructions of the Military Board, subject to the proviso contained in the preceding Paragraph.

The adjustment of the accounts of expenditure will proceed in the manner directed in the new Code for Civil Buildings at the Presidency, when the work shall have been performed under orders from the Military Board; but will be conducted as heretofore, when the materials and workmen are supplied under arrangements of the Civil Authorities.

HEAD QUARTERS *of the* ARMY: *Wallajahbad*, 14*th March* 1814.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency the Commander in Chief having concluded a minute Review and Inspection of the Troops composing the Cantonment of Wallajahbad, has great satisfaction in stating to the Army in this public manner, his entire approbation of the order, efficiency and discipline, which so strongly mark the zeal and ability with which the Command of that Station is exercised by Lieutenant Colonel Fletcher.

The excellence and neatness of the appointments of the Madras European Regiment as well as their performance in the Field and their interior economy in Barracks, leaves the Commander in Chief only to regret their want of numbers; but he trusts, that at an early period they will be as complete in Men, as they are in that system and attention he has now with pleasure remarked.

The order and regularity of system which characterise the Hospital, and particularly the style and the arrangements in the Dispensary, attracted the Commander in Chief's peculiar approbation.

The present being the first opportunity he has had of seeing a Battalion of Light Infantry since their organization, His Excellency cannot refrain from expressing his admiration of the spirit and animated zeal which appears to pervade all ranks.—Their excellence both *as Infantry and Light Infantry* is a pledge, that their exertions and laudable example will not only prove honorable to themselves, but of the greatest advantage to the efficiency of this Army.

Lieutenant General Abercromby feels confident, that each individual Corps of Light Infantry is animated by the same exemplary

exemplary pride and Military feeling, and in the present instance he has no hesitation in declaring, that the 1st Battalion 3d Regiment or Palamcottah Light Infantry, both in steadiness, rapidity of movement and correctness of principle, has surpassed his most sanguine expectations.

The Commander in Chief assures Major Little and the Officers under his command, that a perseverance in the spirit and principles which must have hitherto actuated them in perfecting a new system, will never fail of ensuring that respect and confidence from their Superiors, which His Excellency has now from personal observation been so fully impressed with towards them.

SENTENCE.—The Court having maturely weighed the evidence on the part of the prosecution, together with what the Prisoner has urged in his defence, finds him guilty of the first Charge exhibited against him, and of the second part of the second Charge; it acquits him of the first part of the second Charge " for forcing the Sentry who was " in charge of him."

(Signed) C. HICKS,
Lieut. Col. H. M. 24th Infantry,
President.

(Signed) C. FAGAN, Major,
Judge Advocate General.

APPROVED AND CONFIRMED,
(Signed) MOIRA.

The Commander in Chief has confirmed the above Sentences; yet an observation respecting them is necessary. There is no absolute inconsistency in sentencing a Prisoner to suffer confinement as well as corporal punishment. It should be recollected, however, that the view of the Legislature in empowering General Courts Martial to order solitary confinement, was to make the penalty a correction as well as an infliction;

infliction; an object which might be counteracted by the Soldiers being previously degraded by corporal punishment; the keeping the penalties separate will therefore always deserve the consideration of a General Court Martial. In the present instance the Commander in Chief has on enquiry learned with much surprize, that there is not any cell appertaining to the Gaol of Calcutta, where a Prisoner can be held in solitary confinement according to the meaning of the term and the purpose of the Legislature.

This defect will be immediately remedied; but in the mean time (as it is to be apprehended that the same want of a fit place of confinement exists up the Country) it is inexpedient to enforce a part of the Sentence not likely under such circumstances to have the desired effect. His Lordship, thence, remits the imprisonment adjudged against Thomas Ryan and John Foley: and he directs the corporal punishment to which they are respectively sentenced, to be carried into execution at such time and in such proportion as may seem meet to the discretion of the Commanding Officer of the Division to which the Prisoners severally belong.

The General Court Martial of which Colonel Need is President, to be dissolved should there be no further duty for it to perform. That of which Lieutenant Colonel Hicks is President, is dissolved.

By order of The Right Honorable The Commander in Chief.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council has the greatest pleasure in publishing to the Army the following Report on the examination of Lieutenant N. Alves of the Corps of Pioneers, in the Persian language; and notices with entire approbation the marked testimony which is borne by the Committee to that Officer's distinguished and exemplary proficiency.

Lieutenant Alves had recently established his claim to the honorary reward for the acquirement of the Hindoostanee language

language under circumstances highly to his credit :—and the Governor in Council experiences the most sincere satisfaction in recognizing and recording his title to the additional distinction, proclaimed in General Orders dated the 17th of November 1812, for the attainment of the Persian language.

To His Excellency Lieutenant General
THE HONORABLE JOHN ABERCROMBY,
Governor in Council.

HONORABLE SIR,

In compliance with the instructions communicated to us in the Letter from the Secretary to Government in the Military Department, dated the 25th Ultimo, we have examined Lieutenant Alves of the 1st Battalion of Pioneers, in the Persian language, and we have the honor to report the result for the information of your Excellency in Council.

In his translations from Persian into English, Lieutenant Alves has committed two or three trifling mistakes, but they are not such as at all to injure the sense. In his translation into Persian we have not been able to detect a single error of any description and the sense of the original is rendered in a style of peculiar elegance. The hand writing of this exercise is remarkably good.

In the colloquial part of his examination both as regards pronunciation and fluency, Lieutenant Alves acquitted himself equally to our satisfaction, and we have no hesitation in stating that we consider him to excel, without exception, all who have yet come before us.

Under these circumstances we doubt not that your Excellency in Council will feel particular satisfaction, in conferring upon Lieutenant Alves the honorary reward.

FORT ST. GEORGE, 21st *April* 1814. } We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,

HEAD QUARTERS:

CALCUTTA, 12*th April* 1814.

G. O. BY THE COMMANDER IN CHIEF IN INDIA.

Extract from the Proceedings of a General Court Martial which assembled in the Cantonment of Bangalore on Friday the 14th day of January 1814, by virtue of a warrant from His Excellency Lieutenant General The Honorable John Abercromby, Commander in Chief of the Forces serving under the Presidency of Fort St. George, and continued by adjournments until the 17th March 1814.

CHARGE.—Lieutenant Warlock, His Majesty's 69th Regiment, placed under arrest by me, for behaving in a scandalous, infamous manner, such as is unbecoming the character of an Officer and a Gentleman, in the following instances.

1st. In using reproachful and provoking speeches or gestures towards Lieutenant Ruxton of the same Corps, on or about the hours of 9 and 10 o'clock on the night of the 13th January 1814, when a guest at that Officer's house.

2d. For decoying Lieutenant Ruxton out of his house about the hours of 11 and 12 o'clock that night and then assaulting that Officer in a most outrageous manner, by severe chastisement with a horsewhip, and using at the same time the opprobrious appellation of "Coward" towards Lieutenant Ruxton.

3d. In giving and sending a challenge to Lieutenant Ruxton to fight a Duel the next day, whereby the latter received a wound in the foot by a Pistol ball discharged

discharged at him by the Prisoner on the afternoon of the 14th January 1814.

The whole of which conduct on the part of Lieutenant Warlock tending to the subversion of good order and Military discipline, and in direct violation of the Articles of War.

(Signed) P. ROBBINS,
Major 69th Regiment, Commanding.

By Order, (Signed) T. H. S. CONWAY,
Adjutant General of the Army.

SENTENCE.—The Court having considered the evidence laid before them in support of the Prosecution, as also what was offered by the Prisoner in his defence, are of opinion that Lieutenant Warlock is not guilty of the first Charge preferred against him, and do therefore acquit him of the same.

Upon the 2d Charge the Court is of opinion that Lieutenant Warlock is guilty "of decoying Lieu-"tenant Ruxton out of his house about the hours of "11 and 12 o'clock on the night of the 13th of Janu-"ary, and then assaulting that Officer in a most "outrageous manner by severe chastisement with a "horsewhip" which conduct the Court considers to be unbecoming the character of an Officer and a Gentleman; but the Court do acquit the Prisoner "of behaving "in a scandalous, infamous manner, and also of mak-"ing use of the opprobrious appellation of Coward; "towards Lieutenant Ruxton," there not having been in the opinion of the Court sufficient evidence adduced to convict the Prisoner of the same.

Upon the 3d Charge the Court finds the Prisoner guilty "of giving a challenge to Lieutenant Ruxton "to fight a duel the next day," but acquit him of behaving in a scandalous, infamous manner, such as is unbecoming the character of an Officer and a Gentleman, and of all and every other part of the said Charges.

The Court having found the Prisoner Lieutenant Warlock, guilty of parts of the 2d and part of the 3d Charges exhibited against him, do by virtue of the Articles of War adjudge and sentence him to be Cashiered.

(Signed) N. M'LEOD, Lieut. Col.
Royal Scots, President.

(Signed) T. WREN,
Deputy Judge Advocate, Bangalore.

APPROVED AND CONFIRMED, BUT SENTENCE REMITTED.
(Signed) MOIRA.

From

From the testimony borne to the general good conduct of Lieutenant Warlock and to the gallantry displayed by him on the landing at the Isle of France, The Commander in Chief is induced to remit the penalty, and to order that Lieutenant Warlock shall return to his duty: But Lieutenant Warlock must remain sensible, that nothing but a long perseverance in exemplary behaviour can so far obliterate the discredit of the fact in the second Charge (declared by the Court to be substantiated by full evidence) as to justify his pretensions to any promotion.

By Command. (Signed) C. J. DOYLE,
Military Secretary.

" *Remarks.*—The above Sentence is approved. It gives
" The Commander in Chief much concern that he cannot
" comply with the intercession of the Court in favor of
" Lieutenant Ellis. The youth and inexperience of Lieute-
" nant Ellis can be no admissible plea in this instance.
" Irritation from indignity previously suffered might afford
" some shadow, tho' a very slight one, of extenuation for
" Lieutenant Warlock's forgetfulness of what was incumbent
" on him as an Officer. But the transgression of Lieutenant
" Ellis was cool and deliberate. When he, under peculiar
" circumstances, abetted Lieutenant Warlock in going home
" and fetching thence a Horsewhip, and lent himself to seduce
" Lieutenant Ruxton out of his house that he might be
" assaulted, his conduct cannot be regarded as an error in
" judgment but as a passionate departure from those princi-
" ples which must be inflexibly insisted upon in every man
" who has the honor to bear His Majesty's commission.—
" The Commander in Chief is desirous that the Army should
" thoroughly understand the discrimination which, while he
" has extended lenity to Lieutenants Warlock and Ruxton,
" constrains him to let the Sentence on Lieutenant Ellis take
" effect."

Extract from the Proceedings of a General Court Martial assembled in the Garrison of Fort St. George on Monday the 6th day of June 1814, and of which Major General Hare is President.

John Murray Private in Captain Barrington's Company of His Majesty's 56th Regiment, confined by my order on the following Charges.

1st. For making use of threatening language against Lieutenant Brough the Officer then in charge of Captain Barrington's Company on the morning of the 15th of last January, and for going to his Lieutenant Brough's Tent in the afternoon of the same day, with a loaded Musket in his hand.

By Order.

(Signed) T. H. S. CONWAY,

Adjutant General of the Army.

SENTENCE.—The Court having maturely deliberated on the evidence before it, as well as what the Prisoner John Murray Private in His Majesty's 56th Regiment has urged in his defence, acquits him of the 1st and 3d Charges for want of evidence; but the Court finds the Prisoner guilty of the 2d Charge, which being in breach of the Articles of War and subversive of Military discipline, it doth by virtue of the authority in it vested sentence the Prisoner John Murray to receive 1000 lashes (one thousand) and to suffer six months solitary confinement, (and during such confinement to forfeit the whole of his pay with the exception of nine Pence per day for his subsistence), at such time and in such manner as His Excellency the Commander in Chief may be pleased to direct.

I APPROVE AND CONFIRM;

(Signed) T. HISLOP,

Lieutenant General.

The Commander in Chief having approved and confirmed the Proceedings of the General Court Martial held for the trial of John Murray Private in H. M 56th Regiment of Foot, the more painful part of his duty would exact from him the order for the full execution of the sentence it has so justly awarded; and however earnest is his desire to extend mercy, the enormity of the offence of which the Prisoner has been found guilty, is of that nature, that His Excellency, in giving indulgence to his private feelings, by the remission of any portion of the punishment, can with difficulty consider himself justified in the adoption of that resolution. He has notwithstanding, decided to that effect in the confident belief, that during the period of confinement, which has been allowed by the Sentence, the Prisoner may make every possible atonement

ment which can proceed from a just sense of his offence, as well as from the sincerest feelings of contrition & repentance.

It is solely with this hope, that the Commander in Chief remits the whole of the corporal punishment awarded the Prisoner; at the same time he directs, that the remainder of the Sentence be forthwith carried into effect.

Further extracts from the confirmed Proceedings of a Native General Court Martial held in the Garrison of Seringapatam, under authority of His Excellency the Commander in Chief, and of which Subadar Abdul Rymaun of the 2d Battalion 7th Regiment, is President.
